**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric J. Baron on June 22, 2009.

**In the Claim:**

Claim 30: Cancelled.

**Allowable Subject Matter**

2. Claims 18-29 are allowed.

***Reason for Allowance***

3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is Kane et al (US 20030014291). Kane teaches a method for optimizing product factors associated with product, especially shelf space factor data within a retail establishment). Applicant's arguments filed on May 20, 2009 (Pages 8-10 in particular) are deemed to be persuasive and adequately reflect the Examiner's opinion as to why claims 18-29 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

a. D'Amelio et al (US Patent No. 6,671,578) disclose a method for packaging food products.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
